We Are Bears

A message from our Head of School

BCS Class of 2019 and all members of our extended community, I hope you will enjoy, as I will, this beautifully designed piece of visual history of the 2018-19 school year. The first pass through this book will elicit recent memories and it will remain as a 'gift that keeps on giving' when you return to this book in the years to come. Of the many great take-aways you will have from your time on Moulton Hill, nothing will more meaningfully than the friendships you have forged and that are celebrated in these pages.

This yearbook committee is focusing this year's edition on the rich history of BCS and its impact on people throughout the world. Of course, you are those people. Not only as individuals who represent the countries and continents of our increasingly interconnected world, but also the leaders you are continuing to become and the impact you will have with your actions. BCS is also thriving and these vibrant years of your life are equally vibrant for the health and relevancy of our school.

Enjoy these pages and through your many memories, your many friends and the shared experiences, know that in addition to writing your own story, you are also part of the storied legacy of Bishop's College School.

The End of an Era

In his 23 years at BCS, **Mr. Don Maxwell** taught History, Philosophy & Politics. He headed the Social Sciences Department for 17 years & coached our Soccer (Football) Teams since 1996. He started & coached competitive Girls' Softball (including CAIS tournaments). He introduced & ran a flying club. He created & managed the Outreach program, (the predecessor to the Duke of Ed. which he helped launch). He started & ran the Friday Night Soccer league. He initiated Model UN in New York & established the Mini-World Cup. He will be dearly missed, but we look forward to hearing about his forthcoming adventures!

A Note from The Man himself:

"The only true wisdom is in knowing that you know nothing." - Socrates.

The above statement may seem to negate the whole point of education, whereas it does the opposite. The Socratic advice is that there should be a constant questioning of one's assumptions, and that is one of the wonderful things about teaching. I originally went into education for the most unworthy of reasons as I found out as an eighteen year old that teaching colleges contained three times as many female students as male. I have subsequently realized that my capricious adolescent decision was serendipitous as I have found that the profession is possibly one of the most fulfilling ways of making a crust.

I have been lucky enough to talk all day to a captive audience about things that I find interesting, history, philosophy, politics and coaching football, the game with the round ball.

There are not many professions that offer that level of job satisfaction. There are also the students themselves, you have amused me - I have a little book of extraordinary things that I have seen in your assignments - impressed me, and on occasion been a frustration. And that is what has made my job fun and challenging.

There are many ways of teaching, but one thing does not change, and that is the students. Kids today are no different to when I started long ago despite whatever what one may hear about today's youth. The only thing that changes is how adults interact with young people.

Thank you all for teaching me all these years, I've enjoyed it. Socrates had the first words, and he shall have the last:

"The life unexamined is not worth living."

Your tracks will never fade...

Kim Grey (1969-2019)

"Hi Kim! Most people get excited to go to dining hall for the food, but for me, it was Kim. Kim had a way of making me smile at 7:30 on a Monday morning in a way that no one else could. It was her never ending positive energy, smile, and jokes that made coming into dinning hall worth the while. Every time I went to dining hall I always hoped that you were there and if I am being honest, I still go with hope to see you there and hear you respond "Hi Ty!", as you always did. I remember we agreed that you were not allowed to leave BCS until after I graduated, but sadly life had other plans. Kim, dining hall was not and will never be the same without you. Thank you for the many laughs and for always making my day better with your presence. I miss you so much!

Activities & Trips

Orientation Camp

"I did things that I never thought I'd do. I flew in a glider!! Being part of a team made me feel that I was not alone, that we would help each other through these new adventures and challenges. I realized that BCS was different than other schools for giving us these opportunities. It definitely made me feel better about being so far from home."

Antonia Olesch Form 5

Mountain Day

"This was my first experience in this kind of nature. I had no idea how challenging it would be, and I really wasn't sure that I would reach the peak. That day, I made my first friends at BCS. We climbed to the top of the mountain together, and saw the amazing view. It was really worth it."

Cemre Nuz Kurun - Form 6

Terry Fox Run

"The Terry Fox run means a great deal to me. Since I am a proud Canadian, he is one of my idols. To have all of our international student body run for him is very special as it made the run a multicultural effort for a great cause. The Terry Fox run really unites different friend groups as you learn about the experiences of others with this common issue."

Sebastien Colley - Form 7

Pow Wow

"A Pow Wow is a First Nation gathering, basically a big party where everyone gets together to celebrate life. There's food, music, dancing, and everybody has a great time! I really appreciate having this event at BCS as it helps to preserve my culture and educates students regarding a side of Canada that they don't necessarily learn about in any school curriculum."

Aidan Condo - Form 6

"We are so miseducated in regards to our First Nations History. Orange Shirt Day gives us an important opportunity to learn the truth from those who lived it."

Orange Shirt Day

Violetta Zeitlinger Fontana - Form 6

The annual Orange Shirt Day opens the door to global conversation on all aspects of Residential Schools. It is an opportunity to create meaningful discussion about the effects of Residential Schools and the legacy they have left behind.

Cross-Country Run

"I appreciate the physical challenge of pushing myself. It makes me feel good about myself, strong."

Aliyah Osman - Form 7

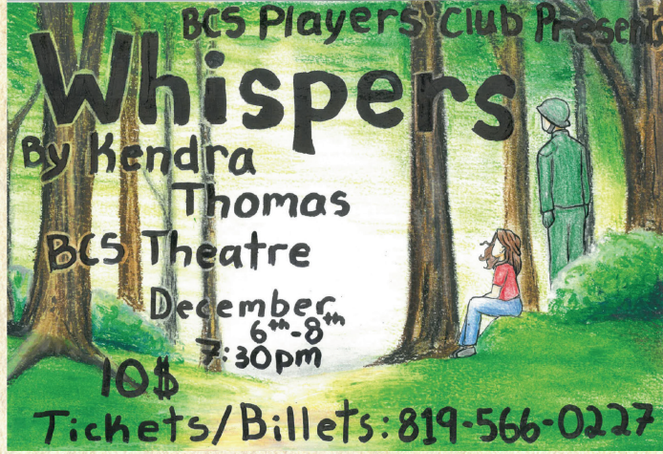
Armistice Day Service

"Being in the choir is about more than singing. Choir members invest time for the school, but also for the greater community. We work as a team and together we make something really powerful."

Jie (Coco) Wang - Form 6

Holiday Concert

Whispers



"Doing the Play gave me a chance to meet people that I wouldn't. We go through so many experiences together. We see each other every day, so we see every up and down. I feel like we've built a unique kind of relationship that we'll always remember."

Priscilla - Éve Allatt - Form 4

Nine Lessons & Carols

"Being in the Choir was a good opportunity to connect with people that I didn't know. Singing together made us bond in a way we wouldn't have, kind of like music was a language that we all understood... I also like the tie!"

Natalia Stieglitz Ruiz- Form 4

BCS

"Carnival was the most amazing and fun time of the entire year! It made me bond with all the girls in the house and talk to some that I may not have. We got to try so many different activities. It was my favourite time of the year!"

Maria Ramirez de Aguilar Fernandez - Form 3

Comic Con

"People can get into comfort zones with their hobbies. Comic Con exposes the whole school, including people who aren't normally exposed to things like art and video games and geek culture, to just those things. Getting all types of different people in the same room to appreciate a culture that some of them are in and some aren't even aware of expands the kids' experiences and circles."

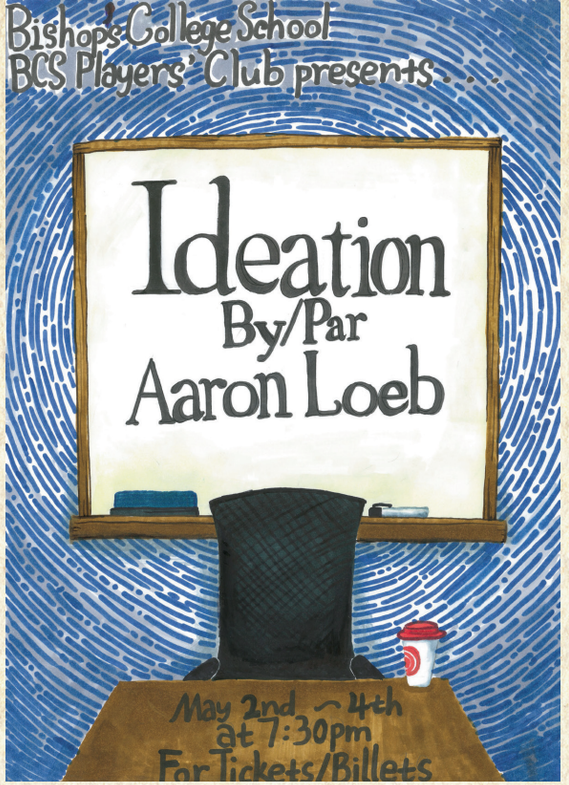
Izzy Macfarlane - Form 6

Stoker Arts Festival

"I learned to make dumplings! We jammed to old-school music and cooked together. I had no idea what I was doing, but they tasted amazing. It gave me the confidence to try to cook more."

Mélissa Jodoin - Form 7

Ideation



"Theater is my passion. I like to present a story to people. Making them laugh is something that I find healing. The bond we form as a cast is amazing, full of memories and inside jokes. The friendships I made in the plays are forever."

Bohong Fu - Form 7

Spring Concert

"I wanted to try music, and I fell in love with the trumpet. My confidence grew with the support of the players in the band. I feel proud that I accomplished something like that."

Bénédicte Fugère - Form 7

Cadet Inspection

"At first, I was scared to be a Cadet Leader. I didn't know if I could lead a company or if I had the authority. I chose to be a prefect because I had a lot of ideas to share and I wanted to be a voice for the students. Ultimately, being a role model, and being in the spotlight (so to speak) motivated me & made me want to do better. It was fun and I learned a lot."

Fausta Tesolin - Form 7

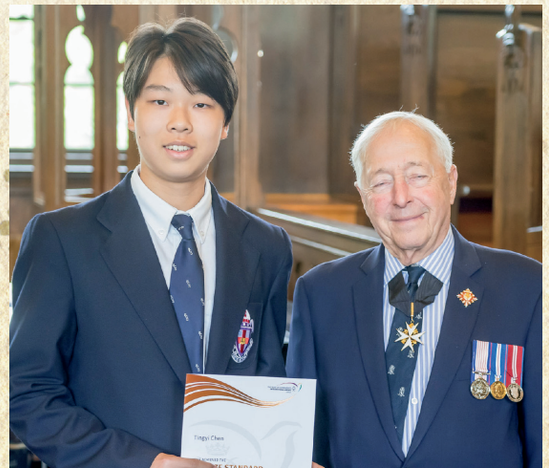
We were honoured this year to have **Major David J. Turner**, CD, as the Reviewing Officer for the ceremony. As an influential member of our community since 1975, Major Turner introduced many new programs and changes to school culture that are still in place today, 15 years after his retirement.

Duke of Ed. Award Ceremony

The Duke of Edinburgh's International Award is an internationally recognized program for young people, building their skills to equip them for life and work. By being involved in a wide range of activities and volunteer opportunities, students accumulate hours toward a Gold, Silver, or Bronze level award. Duke of Ed, as a program is known at BCS to, help develop character, discipline, teamwork, confidence, & responsibility. These awards are recognized by universities & employers.

"The Duke of Edinburgh Award fits in perfectly with our day to day life at BCS, whether it be through Cadet camp, crease or helping out at school events, being involved is second nature to us all. I loved doing my Duke of Ed because it allowed me to try out many activities and have new experiences that I would never have had otherwise."

Chella Price - Form 7



Round Square Day

R.S. Ashbury Trip

Round Square is an international program subscribing to the educational philosophy of Kurt Hahn and is based on 6 pillars known as IDEALS, an acronym for Internationalism, Democracy, Environment, Adventure, Leadership and Service. The Round Square objective is to empower youth to become committed, responsible global citizens through active involvement. BCS has been affiliated with Round Square for over 25 years and every student at BCS is a Round Square member. Participation in the Round Square program takes place on all levels, from school activities and events to exchanges and developing world projects.

"RS Conferences provide a great platform for students to meet new people of different cultural backgrounds and embrace diversity and internationalism. At the conference, we talked about social issues, such as the barriers that the First Nations are facing in Canada, LGBTQ community, and gender inequality, and I gained a lot of thoughtful insights into how the world should function to benefit more people. Furthermore, I made a lot of lifelong friends from all over the world that I am still in touch with. I even visited one of them last Christmas."

Bohong (Robert) Fu - Form 7

Track & Field

"Track & Field was super fun. It's a hard time of year. Everyone is so busy, but once you get there, you feel energized and motivated. You can't wait to make your house proud. Plus, it takes your mind off of exams and the end-of-school chaos for a little while."

Jesse Johnson - Form 6

McCormick's Fun Facts

Many of the trees on campus were personally planted by Headmaster S.P. Smith in 1917.

Mini World Cup

"I like that the whole community comes together and plays together. It's a good event to hold it at the end of the year. It brings us closer and reminds us of the bonds that we've made."

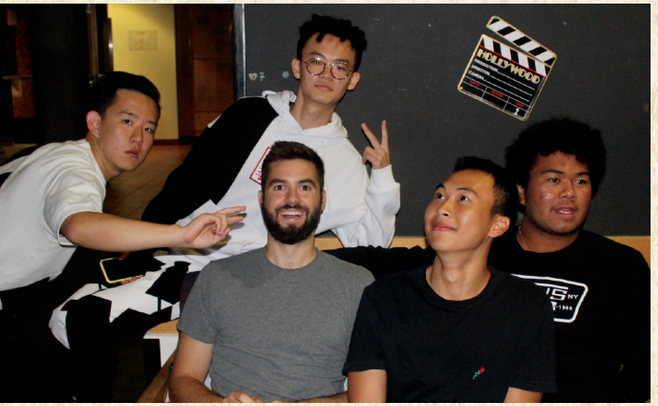
Yann Fosso - Form 5

Water Fun Day

"It was really a unique activity. It brought teachers and students together, and everyone was having fun. Mr. Tessier agreed to do the dunk tank, and when he got dunked, we all screamed! It was really funny."

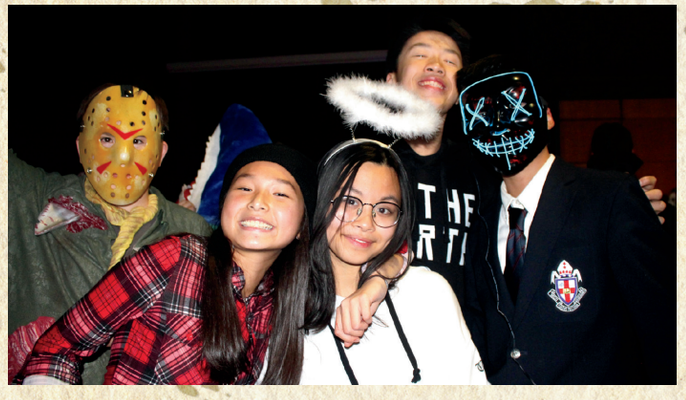
Amelie Trimpl - Form 5

Dances & Socials



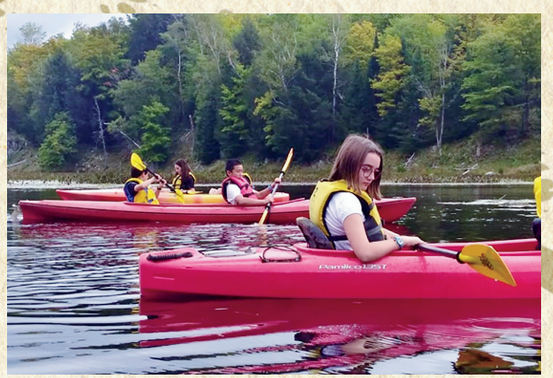
"As a Ross student, I feel like I'm sometimes separated from boarding life. Dances bring us all together and give us a chance to have fun! It's my 3rd year at BCS and I've never missed a Dance! They always brighten my mood and give me a chance to let loose. I love them!"

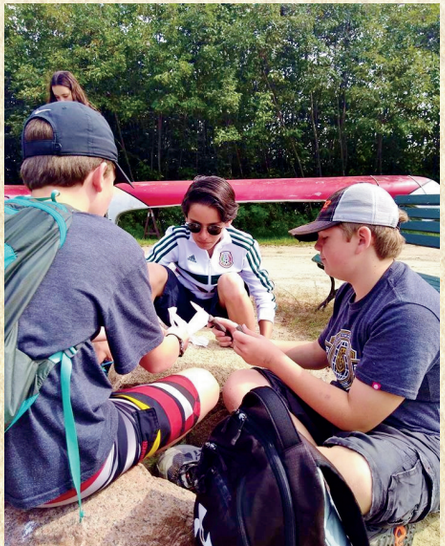
Joudy Alsawari - Form 4



Kenauk - Form 2

Form II classes spent three days at the Kenauk Institute, starting the school year in our favourite classroom: the great outdoors. The trip combined learning opportunities in biology and wilderness survival with time outside, in the hopes of inspiring among the students a curiosity for the environment. With a busy schedule that included guided hikes, team building activities, canoeing/kayaking, and many opportunities to experience local flora and fauna firsthand, there was never a dull moment!





"This trip gave me the opportunity to experience the beautiful scenery of Kenauk's wildlife. It gave me time to get to know my new classmates. We went kayaking & swimming & learned all about the different aspects of nature. I really enjoyed this trip & would recommend it to all future form 2 classes."

Emma Andrews - Form 2

Model UN

Trip to New York

Twelve seniors had the privilege of representing the Czech Republic at this year's Model UN conference. In order to prepare, they visited the Czech Consulate General to ask questions and share their perspectives on issues to be discussed at the conference. At the end of the conference, all committees had successfully passed resolutions.

"It was challenging. I was forced to step outside of my comfort zone and stand up in front of students from everywhere and give my point of view.
It was my first time visiting New York, and although we didn't visit too many sites, what we saw definitely made an impression. I would recommend this experience to everyone no matter what their interest.

Zofia Kolankowska - Form 6

Winter Wilderness Trip

"The winter here is always amazing. One of the biggest thing on my calendar is the Dogsledding Trip. This was the third time that I participated in the trip to La Tuque. AND I LOVE IT!

If you love snow, sledding, dogs, go to the trip!!! I love them all, but even if you're not a big fan of sledding, there are plenty of other things to do. Ice fishing, horse riding, and snow shoeing. You can also play games in the warmth with hot chocolate on the side.

Either way, the trip teaches you about teamwork, I got a chance to make more friends (animal members included), and most importantly, I definitely enjoyed myself and received a memorable experience that will last a lifetime."

Ruowen (Willa) Sun - Form 6

Ondaatje Endeavour

Since 1972, groups of adventurous BCS students and staff have challenged themselves on the Ondaatje Endeavour as they test their resilience and discover their physical and mental strength. The 2019 team canoed from Telegraph Creek in Northern British Columbia to Wrangell, Alaska.

"Life is meant for good friends and great adventures!"

Senegal Service Project

A small group of students and staff travel to Gandiaye, Senegal during the March break to provide service to the local community. This year they refreshed the Basketball court built by their predecessors and they built bleachers for spectators.

"Senegal is truly a once in a lifetime experience. It permits you to extend your horizons and see the true world we live in. BCS gives you an opportunity to be a better self and give you life long memories in this travel. The opportunity to do this trip was simply amazing and I would never hesitate to do a trip like this again!"
